Frontend Engineer

CHIMAOBI OKEH .A.

CAREER SUMMARY

I am a passionate Frontend Engineer with expertise in creating responsive, user-friendly, and visually appealing websites and applications. Proficient in HTML, CSS, and WordPress, I have a deep understanding of styling frameworks like Tailwind and Bootstrap, allowing me to build custom and efficient layouts. With strong JavaScript skills, I work with modern frontend frameworks such as React, Angular, and Vue.js to create dynamic, interactive user interfaces. I am committed to writing clean, maintainable code and delivering high-quality user experiences across all devices. Continuously staying updated with the latest frontend technologies, I strive to bring creativity and technical expertise to every project I work on

PROFESSIONAL EXPERIENCE

Freelance, Enugu, NG.
— *Full-stack Web Developer*
MARCH 2022 - PRESENT
Full-Stack Web Development for Small Businesses and Professionals:
Provided end-to-end web solutions for clients, focusing on e-commerce platforms, blogs, and websites for local businesses and professionals using **WordPress**. For specialized projects, I utilized **React Js** for visually appealing, responsive frontends, ensuring each site is tailored to meet client goals and industry standards. Delivered high-quality, user-friendly websites that support clients' business growth and brand presence online.

Professional Programming Tutor, Enugu, NG.
— *In-person / Online Tutoring*

MARCH 2022 - PRESENT

As a dedicated and experienced Professional Programming Tutor, I have successfully taught programming languages and concepts to students of varying skill levels. My approach focuses on personalized instruction, ensuring each student grasps fundamental topics in languages such as Python, HTML, CSS, JavaScript, SQL and PHP. I have delivered tailored lesson plans, provided hands-on coding exercises, and offered feedback to enhance learning experiences. My commitment to fostering a supportive and engaging learning environment has consistently resulted in deeper understanding of programming.
